AgriLife Extension Offices for  
Austin County or Washington County

**Educational Meeting**  
**Wednesday, February 7, 2024**  
**8:30 a.m.—12:30 p.m.**  
**Kenney Agricultural Society Hall**  
**444 Hall Road, Bellville**

### TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

### BRING YOUR WELL WATER SAMPLES!

Well owners should bring water samples Monday, February 5 to be screened for nitrate-nitrogen, total dissolved solids (TDS) and *E. coli* bacteria. Pick up approved sample containers with instructions at your local County AgriLife Extension office, Austin Extension, 800 East Wendt Street in Bellville, Washington Extension, 1305 E. Blue Bell Road, Suite 104 in Brenham.

**Drop samples at the same location where testing materials were picked up.**

Samples are due on Monday, February 5 by 10:00 a.m.  
There is a \$15 per sample cost for this screening.

Pre-register by contacting Joel Pigg  
Phone: 979-321-5946

Funding for the Texas Well Owner Network is through a Clean Water Act section 319 (h) nonpoint source grant from the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency. The project is managed by the Texas Water Resources Institute, part of Texas A&M AgriLife Research, AgriLife Extension and the College of Agriculture and Life Sciences at Texas A&M University.
